

SOVREN Racing Is Back!

July 4,5, and 6, 2025

Attention SOVREN race fans, the registration window for this summer's races will be opening soon!

If you have never been to the historic races, it is a great time to visit with club members and other car enthusiasts while watching spectacular racing at Seattle International Raceway in Auburn.

You can walk through the pit areas, talk with crews and drivers, and get the thrill of having race cars round a corner or straight away just a few feet away.

This year in addition to the regular racing, a special Battle

of the Brits will occur with Midgets, Sprites, Bugeyes, and Minis from Canada and all over the United States racing around the course.

An important fact to know is that the SOVREN organization has donated 10 million dollars to Children's Hospital over the years as a philanthropic organization. Proceeds from your ticket purchase helps this effort.

When registrations forms become available, they will be posted on the web and sent via email to all club members.
